California Proposition 65

Compliance Statement

California Proposition 65 is known as the Safe Drinking Water and Toxic Enforcement Act of 1986. It refers to the California Legislation intended to protect California citizens and the States drinking water sources from chemicals known to cause cancer, birth defects or other reproductive harm. It is also to inform citizens about exposure to such chemicals.

TT Electronics - BI Technologies is committed to meet regulatory requirements and we work with our suppliers to monitor impact on chemicals, preparations and articles supplied to us that are used to make our products.

All standard Lead (Pb) free fixed and variable resistor products manufactured by TT Electronics - BI Technologies, including associated packaging materials do not require a California Proposition 65 warning label.

Luis M Ferre, Quality Manager
