California Proposition 65 Compliance Statement

California Proposition 65 is known as the Safe Drinking Water and Toxic Enforcement Act of 1986. It refers to the California Legislation intended to protect California citizens and the States drinking water sources from chemicals known to cause cancer, birth defects or other reproductive harm. It is also to inform citizens about exposure to such chemicals.

TT Electronics Welwyn Components Ltd is committed to meet regulatory requirements and we work with our suppliers to monitor impact on chemicals, preparations and articles supplied to us that are used to make our products.

All standard Lead (Pb) free fixed resistor products manufactured by Welwyn Components Ltd, including associated packaging materials do not require a California Proposition 65 warning label.

A handwritten signature in blue ink, appearing to read 'P. Johnstone', with a large, decorative flourish at the end.

Paul Johnstone, Quality Manager
Resistors Business Unit, TT Electronics
Welwyn Components Ltd, Bedlington, Northumberland NE22 7AA, UK
