

Why Choose TT Electronics?

Our Brand Attributes in Alignment with Your Needs.

Global footprint. Local fingerprint.

Customers choose TT for our global footprint and strong local support. With manufacturing facilities in North America, Europe and Asia, we're resourceful and effective in driving cost reduction.

Your brand ambassadors.

As ambassadors of your brand, it's our responsibility to execute on and support your brand promise. We're committed to upholding your highest standards of quality by providing a hands-on approach and the technical skills required to meet your most critical specifications.

The right fit matters.

TT provides the structure and support mechanisms of a large manufacturer, with the customized, intimate approach of a smaller specialty group. From strategy to manufacturing to distribution, we deliver a full suite of end-to-end solutions.

Low Volume. High Mix. Highly flexible.

We are optimized to create highly engineered and integrated products in a low volume, high mix manufacturing environment. We take a customized and innovative approach to each customer project, and adapt quickly to adjust to the unique requirements of each.

Trust and respect. For real partnerships.

We invest in our customer's long-term success by establishing strong relationships based on trust and respect. We engage early in the design development process, and collaborate in every aspect of the relationship, from communication to cost reduction to forecasting.

The insight and expertise to lead innovation.

We proactively provide industry insight and product design expertise, and guide customers toward innovative solutions. We maintain a unique market perspective by leveraging the industry expertise of all TT Electronics Divisions.

Rely on TT.

We're a reliable partner, with the structure and resourcefulness to ensure more agile, quick turn manufacturing, without compromising a high level of product quality.

Services + Solutions

Global Footprint

- Facilities in North America, Europe and Asia
- Strategic to end markets globally
- TTM/TTV velocity with multi-regional product launch

Low Volume / High Mix Experts

- Specializing in Medium to High Complexity Integrations & PCBA
- Demand Flexibility

Engineering Solutions

- Complex Functional Test Development
- ATE, MTE, ICT, MDA, Flying Probe, etc.
- Circuit Redesign
- PTH to SMT
- Replacement of obsolete components
- Mechanical Redesign
- Re-invigorate product life
- Repackage existing technology
- Product Design
- Simple to medium complexity electronics
- Mechanical design
- Electro-mechanical design
- Harness Design

Manufacturing Capabilities

- PCBA
- Surface mount technology (SMT)
- Through hole technology (THT)
- Cable Harness and Interconnect Assembly
- Conformal Coatings, Pottings, Encapsulations and Overmolding
- Full System Level Assembly and Integration

Specialty Services

- Cleanroom Facilities
- Environmental Qualification & Reliability Testing

Global Supply Chain Management Fulfillment Services

- Consignment
- Hubbing
- Direct Order Fulfillment

Aftermarket Services

- Complete Lifecycle Management Solutions
- Repair and Logistics

Americas

Perry, OH, USA
Tel: +1 440 352 8961

Europe

Rogerstone, South Wales,
UK Fairford, England, UK
Timisoara, RO
Tel: +44 (0)1633 892 345

Asia

Suzhou City, China
Tel: +86 512 66611004
