

NEXT-GENERATION
POWER.
FUTURE-READY
DEFENCE.

OUR PRODUCTS IN ACTION FOR DEFENCE

From cockpit displays to engine controls and defence systems, our solutions optimise performance and reliability in the harshest and most demanding conditions, while our interior solutions enhance the passenger experience. TT is a trusted partner to some of the world's leading manufacturers in the aerospace & defence market.

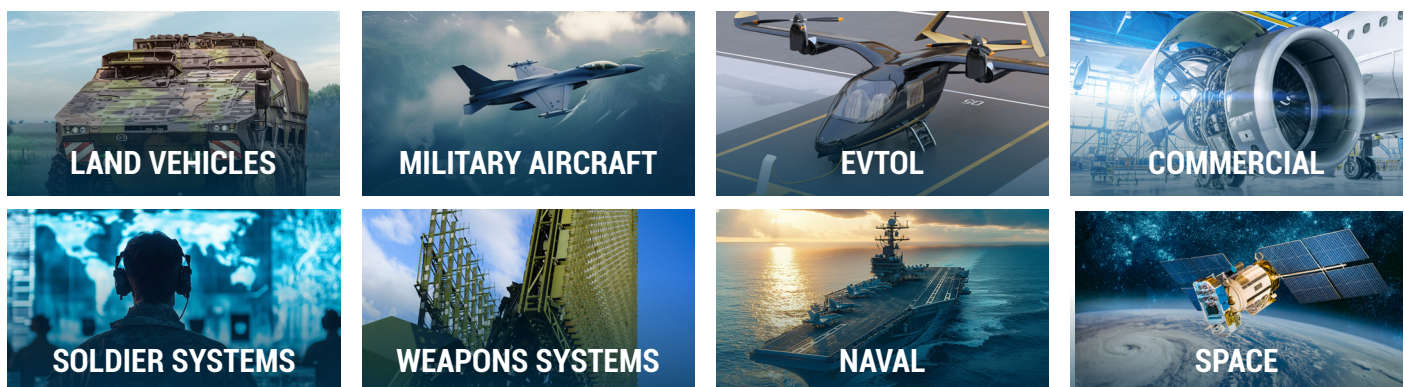

PROGRAMME EXPERIENCE

Our products provide size, weight and efficiency benefits for applications such as power conversion, actuation and control for mission-critical systems on a broad range of military and commercial platforms globally. Our products are on a broad range of air, land and sea defence platforms.

AEROSPACE & DEFENCE SUBMARKETS

VERTICALLY INTEGRATED SOLUTIONS

From custom component technologies to large complex assemblies, we design, engineer and manufacture high reliability electronics and vertically integrated solutions.

Components Sensors

Optoelectronics | Trimmers |
Temperature, Pressure, Flow
Sensors | Sensor Calibration
| Potentiometers | Resistors |
Encoders

Printed Circuit Boards

Complex PCBA | Testing
Solutions | Prototyping
& New Product
Introduction

Power Management & Conversion

Power Converters and Inverters |
Power Supplies | Microelectronics |
Racks and Cabinets

Magnetics

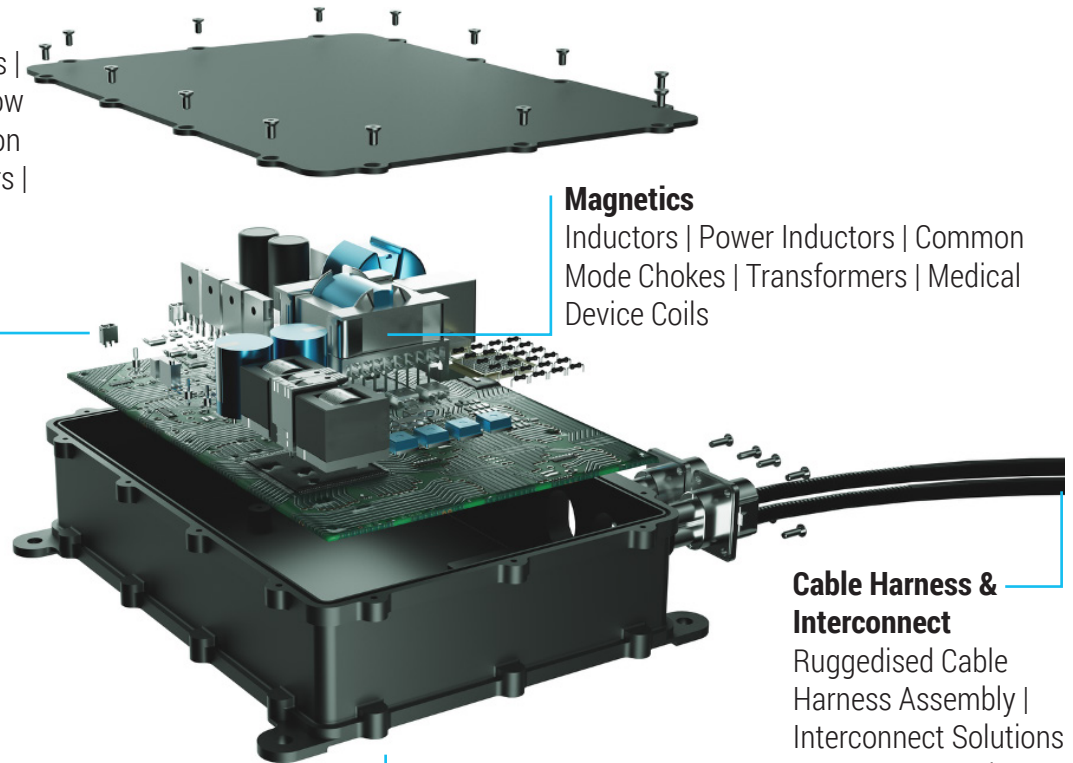

Inductors | Power Inductors | Common
Mode Chokes | Transformers | Medical
Device Coils

Cable Harness & Interconnect

Ruggedised Cable
Harness Assembly |
Interconnect Solutions
| Connectors and
Backshells

Complex Electronic Assembly

High Level Assembly | Box Build |
Human Machine Interface | Aftermarket

From custom component technologies to large complex assemblies, we design, engineer and manufacture high reliability electronics for regulated markets.

WHO WE ARE AND WHERE WE OPERATE

At TT Electronics, we engineer and manufacture electronic solutions that enable a safer, healthier and more sustainable world. Headquarters in the UK, with a strong presence across 20 locations and a talented team of over 4,000 employees, we are committed to delivering high-quality products and services that meet the evolving needs of our customers.

OUR CERTIFICATIONS

	ISO 9001	ISO 13485	ISO 14001
	IPC 620 Class 2 & 3	NADCAP	AS9100D
	MIL-STD-790	ITAR	OHSAS18001
	SC21 ADS Supply Chain	FAA Repair Station	SC21
	RoHS/Reach Compliant	ISO17025	ISO45001

WHAT MAKES US DIFFERENT

More than a manufacturer	Technology with purpose	Deep industry knowledge	Global continuity assurance
From design to system integration, we are your turnkey solutions partner, specialising in complex, high-mix electronics.	For more than a century our products have empowered customers to boost performance, competitiveness and scale.	We know what it takes to enable innovation and accelerate time to market in highly regulated markets.	Manufacturing from three continents we help customers build resilient supply chains that ensure global business continuity.
